MEMORANDUM FOR: Chief, Resources Division, ORR

Declass Review by NGA.

ATTENTION : [REDACTED]  
FROM : Chief, CIA/FID (WPIC)  
SUBJECT : Requested Electric Power Facilities in Communist China  
REFERENCES : (1) ORR Requirement No. C-RR3-80,261, dated 13 June 1963  
(2) CIA/FID (WPIC) Project No. C 825/63

1. This memorandum is forwarded in answer to referenced requirement concerning several electric power plants located in Communist China.

2. There are 17 enclosures attached to this memorandum. Each enclosure (photo enlargement) has been annotated to include the necessary information for identification and location purposes. In addition, photo-data and mission dates are also included.

3. The generator hall of the Hsiao-Chia-Shiang is approximately 300' x 75' (See Enclosure #5). A more precise measurement was not possible at this time, because the plant is located on high oblique photography approximately 45 nm from the flight line and the structure is lined up at a diagonal to the X-Y axis scale lines.

4. The photo analyst assigned to this project was [REDACTED] who may be contacted directly at extension [REDACTED] should any questions arise concerning this memorandum.
